Computer Science Engineer | Aspiring Data Scientist | Python | ML | SQL | Excel | Power BI | Teamwork

I am a Data Science enthusiast focused on building practical machine learning solutions where data, analysis, and real-world problems intersect. Skilled in Python, SQL, and NLP, with experience in end-to-end ML projects and deployment.

TECHNICAL SKILLS

- **Software & Tech:** Python, SQL (MySQL, PostgreSQL)
- **Data Science & ML:** Scikit-learn, EDA, Feature Engineering, Model Evaluation
- **Tools:** Streamlit, Jupyter Notebook, Power BI, MS Excel

APPLIED PROJECTS

SpaceX Falcon 9 Landing Prediction

- Analysed **1000+** launch records and built classification models improving accuracy by **~15–20%**.
- Identified payload and launch site as key drivers through **EDA and feature engineering**.
- Outcome: Low payload missions **~25%** more likely to succeed, enabling better launch planning.

Used Car Price Prediction

- Processed **10,000+** records with feature engineering and outlier handling.
- Trained Random Forest model achieving **$R^2 \sim 0.85$** for reliable predictions.
- Outcome: Vehicle age contributed **~40%** to depreciation, supporting pricing decisions.

SMS Spam Classification (Deployed)

- Built NLP model on **5,000+** messages using **TF-IDF and Naive Bayes** achieving **~97%** accuracy.
- Optimized preprocessing to improve **precision-recall balance**.
- Outcome: Deployed via **Streamlit** for real-time spam detection.

Shield Insurance Report

- Built a Power BI dashboard using SQL & Excel, enabling data-driven tracking of insurance KPIs.
- Analysed **27K** customers and **₹989M** revenue, driving **18.4% MoM** growth via key insights.
- Delivered a LinkedIn demo **video**, showcasing clear data storytelling.

CERTIFICATIONS

- [Introduction to Deep Learning and Neural Networks with Keras](#)
- [IBM Data Science Professional Certification](#)
- [Machine Learning with Python](#)
- [Applied Data Science Capstone](#)
- [SQL \(Intermediate\) by hackerrank](#)
- [Data Analytics Bootcamp](#)

EDUCATION

Bachelor of Technology | CSE
Cambridge Institute of Technology
Ranchi, India | (2022–2026)

HOBBIES

- Self-Training
- Diverse Interactions
- Coding
- Exploring
